Bat Book Activity

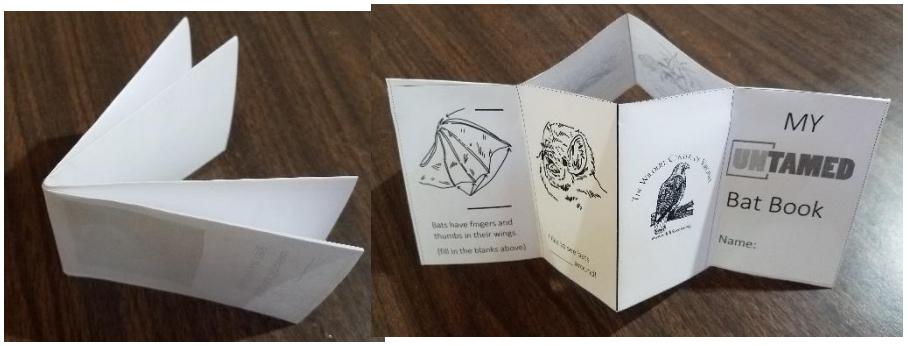
Follow the instructions below to create your very own Bat Book, then fill in the blanks!

1. Cut around the outside dotted line. Then fold in half along the bold center solid line.

2. Cut along the dotted line in the center.

3. Fold each side in half again along the solid lines so you end up with a "fan fold".

4. Fold in half again. Then unfold everything. Then fold in half lengthwise so you can see a long strip of images on both sides.



5. Hold each end of booklet and push together so the title page ("My Bat Book") and back page (hawk logo) are in place. Crease firmly, and now you have your Bat Book!
